

Climate Air Conditioning Range

We provide both heating and cooling, for a wide range of applications.

WHICH? TRUSTED TRADER

Proud to be a Which? Trusted Trader.

Recognised for our commitment to excellence, transparency and customer satisfaction. You can trust us to handle your AC unit installation with professionalism and care.

Our Vision

We work tirelessly to ensure that we are our customers number one choice for air conditioning installation and servicing. Delivering outstanding service through quality workmanship, honesty and fantastic value for money.

The Walsh Promise

We understand that buying a new AC unit can be an expensive purchase, which is why we at Walsh Plumbing Ltd strive to provide our customers with outstanding satisfaction in our AC packages and installations.

Our AC units come with up to 7 year parts and labour warranty.

We don't just want to satisfy our customers, we want to amaze them.

We are the experts in our field, continually offering unrivalled levels of service and quality products in thousands of households each year.

You pay what we quote. No hidden costs.

We direct our energy on the installation of our AC units. Our dedication to this has enabled Walsh Plumbing Ltd to quickly become one of the UK's leading local experts in the AC installation sector.

Overview of features

Throughout this guide you will see the below icons which highlight the features and modes that are included with each item.

User Friendliness

-  **WiFi**
Control the unit with a smartphone via the Bosch HomeCom Easy App.
-  **Auto restart**
The air conditioning system will not forget any settings in the event of a power cut.
-  **On/Off Timer**
On/Off timer is very easy to adjust. The unit will automatically switch on/off after a set time.
-  **Weekly timer**
The unit will switch on/off within specified time slots on specified days of the week.

Air Quality

-  **'i-clean' mode**
Eliminates up to 99% of bacteria by heating up the evaporator to 56°C.
-  **'Low ambient cooling' mode**
Provides cooling even at low ambient temperatures.
-  **'8°C heating mode**
Protection against freezing inside the room, maintaining a temperature of 8°C
-  **'Dry' mode**
Removes high humidity from the room, particularly useful on humid days.

Comfort

-  **Silent mode**
Reduces noise emitted by unit.
-  **Anti-corrosion**
Special anti-corrosion gold coating.
-  **'Wind avoid me' mode**
Avoid air blowing directly on you by using the remote to adjust the wind direction.
-  **'Self cleaning' mode**
Prevents mould from forming by using plasmacluster ions in the unit.
-  **'Follow me' mode**
Intelligent sensor communicates with unit to ensure consistent temperature.

Energy Saving

-  **Gear mode**
3 levels of energy usage.
-  **'ECO' mode**
The unit works with lower level energy usage.

Bosch HomeCom Easy App

Control your Bosch air conditioning units anywhere, anytime.

Connectivity

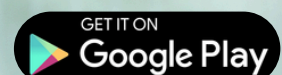

Connect your Bosch air conditioning units to Wi-Fi with an optional Bosch gateway accessory, the 'Connect Key G10 CL-1' and 'Gateway Connector G 10 CLC' (depending on the model), and control your air conditioning with the Bosch HomeCom Easy app.

Easy to deal with

Set operating mode, change set temperature, air flow direction, set weekly time schedules, adjust fan speed and control many more features for maximum comfort

Maximum Comfort

Turn on your air conditioning unit before leaving work and come home to perfectly cooled/warmed room.

Climate 3000i

Climate 3000i comes with a full set of features to optimise the climate in your home or office.

Efficient

Our Climate 3000i is a reversible air conditioning unit which provides heating and cooling from the same source. It has an ErP rating of A++ for cooling and A+ for heating, giving your customers comfort with low energy consumption.

Peace and quiet

Climate 3000i's silent function reduces the sound level of the indoor and outdoor unit to give our customers and their neighbours a good night sleep.

Breathe in clean air

The 'i-clean' function eliminates up to 99% of bacteria. Also the double filtration system eliminates odours, harmful gases and volatile organic compounds in the air.

Product Data Climate 3000i

At a glance

- Reduces power consumption with 'ECO mode & 'Gear' mode features.
- Will work according to the temperature in your location inside the room by activating the temperate sensor with 'Follow me' feature.

**Credit is subject to status and affordability. Terms and Conditions apply. APR may vary from the date of this brochure.

Why Choose Walsh Plumbing Ltd?

A very professional company,
who came back to me quickly
with a quotation, after their
engineer had visited me earlier
in the day.

Finally, a company who actually
cares! Great professional team
Cannot recommend enough!

These guys are worth their weight
in gold. From the outset Dylan was
polite and professional.

Online Reviews

Further reviews of our services can be found
on a variety of online review sites including
Trustpilot, Checkatrade and Which?

What Happens Next?

Thank you for choosing Walsh Plumbing Ltd as your specialist AC installation company.

Accept Quotation

Once you are happy with the quote, you can either call us on 0203 576 1170, respond to the email copy of your quote or discuss it with our AC advisor when they are with you.
