WALSH SERVICE PLAN - TERMS OF BUSINESS

In these conditions Walsh Plumbing Ltd is referred to as “the Company”, and the person agreeing to the Contract is referred to as “the Customer”. By signing the order form and/or making an appointment you are agreeing to this contract.

Walsh Service Plan

To reduce the worry of a boiler breakdown after an installation, Walsh Plumbing Ltd have introduced a Boiler Service Plan for our customer’s peace of mind.

For just £9.99 per month, be rest assured that your Annual Boiler service is covered to ensure the Manufacturer’s Guarantee is validated and that we are at hand for all Boiler only call outs for the 12 months duration for any diagnosis.

There will be no standard call out charge of £65 + VAT applied and if our Engineer deems the boiler to be repaired or to get your heating and hot water back up and running immediately, they will do so at no extra charge unless materials or additional time is required, the Boiler’s manufacturer’s guarantee will be used to cover the costs.

Walsh Service Plan includes:

- 1 x Annual Boiler Service
- Free Boiler Call outs only for Diagnosis - If it is a simple repair/fix, our engineer will repair on the day. If the repairs for the diagnosis require materials and additional time, the guarantee on the Boiler to be used or may be quoted for the repair to be carried out
- No call out charge for Boiler only diagnosis during working/business hours (Emergency Call outs after business hours are chargeable)

Walsh Service Plan will be active from the day of subscription for 12 Months.

Requirements:

The Customer must be subscribed to the Walsh Service Plan for the full duration of the 12 Months up until the Annual Boiler service is due for all Boiler Call outs in between this period. This service plan for new boiler installations must be activated within 3 months of the installation date.
